Institute for Computing in Research
Santa Fe, New Mexico

Dear Institute Mentors,

I am writing to apply for the 20** internship at the Institute for Computing in Research.

I have a strong interest both science and literature, and would like to explore the possibility of doing quantitative studies that might give new insights into literary creation.

At the same time [...] interested in biology and chemistry and physics [...]

I also have come to enjoy programming as a tool to explore [...]

My mentorship with noted Belgian cybersecurity research Astrid Hackenbranden has made me realize that [...] and hence my interests now include [...]

Best regards,
